

A Family Business that cares for our customers

Every project is carefully tailored to the customer and our small team of local craftsmen are committed to ensuring that the investment you make will create a truly special place for you, your family, and guests to enjoy for years to come. We appreciate the fine qualities of hand crafted wooden structures and we always strive for perfection when completing each project.

Established in 1996 we have installed numerous homes, cabins, snugs, workshops and studios all over the U.K.

- All designs can be bespoke to suit requirements. Varying lengths are available.
- Customer needs to supply a suitable means of offloading.

Warranties

All our Glamping pods come with 12 months warranty, we guarantee that our buildings will be free from any material and workmanship defects from the date of delivery or construction.
